

# CG PRO TIPS PROFILE

---

Here at CG Pro Prints, we're looking forward to helping other professional photographers grow their business through the development of a vibrant professional photography community.

If you would like to be a featured studio (and earn a \$250 canvas certificate), simply fill out this form, and return it to [profile@cgproprints.com](mailto:profile@cgproprints.com). You don't need to answer all of the questions, but studios with more complete answers are more likely to be selected as a featured studio.
